

2022-23 HELIOS Distribution Update

This fiscal year, we distributed **2,766 HELIOS units**. Many were part of **second** shipments of **Spanish Helios units to Ecuador** (800 Solar, 800 USB) and **English Helios units to Kenya** (480 Solar, 600 USB).

As we finished out the year, we began preparation of new orders of Helios units from the manufacturer (MegaVoice). We are looking at an order for about **2,400 units in Portuguese and English for Brazil, Kenya, and the US**; an order for about **2,800 units for Nicaragua**; and an order for about **2,100 units for Ecuador**.

PRAISE as we work on the many logistics for these orders – production concerns, importation concerns, financial concerns, but most of all, spiritual concerns for the untrained pastors who will finally get *a Bible and Christian faith education in their hands!*

2022-23 HELIOS Translation/Recording Report

This year we saw **victories, challenges, and opportunities** in the translation and recording of the **Helios Projects** into other languages.

Our **VICTORIES** in 2022-23 included signing an Agreement in February with **Lift Your Eyes** ministry (Orlando, FL) to translate and record the Helios CT and GS Projects into **Arabic**. The Arabic team has already finished the work on the first section of both Projects.

In February, we also signed an Agreement with the **KAG University East** ministry (Nairobi, Kenya) to translate and record the Helios CT and GS Projects into **Swahili**.

The Swahili team has already finished work on more than one section of each Project.

This team is an answer to prayer given the multi-year fallings of the previous Swahili Project Coordinator and his team that required us to restart the work in this language.

By the end of June, our **Bengali, Hindi, and Nepali** teams had finished all the translation work on the CT and GS Projects. They are finalizing their review of the translation before starting their recording.

Our **CHALLENGES** in 2022-23 included the **Afrikaans** CT Project working to re-launch with a new voice for a couple of the sections; the **Creole** CT Project finding problems with about one-fifth of their audio files requiring a re-recording; and our **Thai** CT team struggling to complete the project.

Our **OPPORTUNITIES** coming out of 2022-23 are engaging new Project Coordinators and Teams in **French** and **Mandarin**. We have already started talking to a Chinese ministry in California that partners with some of our ministry partners in China about taking on the Mandarin Projects. And we have been given a great ministry contact in West Africa to pursue a French team for the Projects.

PRAISE the Lord for victories in this past year and opportunities for this next year!

2022-23 Donor Report

We shared the Helios projects with thousands of people through **focused challenges on 4 different radio stations and networks** this past year. Those challenges involved 166 donors and they provided **613 Helios units** for untrained pastors and Christian workers in Brazil (Portuguese) and Kenya (English).

KGNW/KKOL (Seattle, WA)

Life Changing Radio (New England)

WBYN (Boyertown, PA)

WLQV (Detroit, MI)

We continue to share the **Helios Projects** thousands of times each week to over a million listeners through our sponsorship of the radio feature “Truth Itself” on over 400 stations nationwide. In 2022-23, we had **336**

new donors and 146 of those new donors were from this sponsorship!

About a **third** of our donors gave in FY2023, about a **third** gave in the previous year, and a **third** have not given in two years. **IMAGINE** the impact of every donor giving a gift this fiscal (FY2024) year!

THANK YOU to our Helios champions for your faithful and generous giving!

New Ministry Resource

Woodrow Kroll Ministries exists to connect people with the Author of the Bible through the teaching of the Bible. One way we do that is through our Ministry bookstore (wkministries.com/store) and the resources written by Dr. Kroll.

In 2022-23, Dr. Kroll published his newest book {book 1} in his series {7 books} on the Crucifixion. Roman Crucifixion and the Death of Jesus looks at how the Romans adopted and adapted the cross and used it as a means of execution. **GET** your copy today!
